MISSION STATEMENT

We exist as a work activity center dedicated to offering opportunities for disabled adults within the Central Oklahoma area that will provide them with the tools to achieve fuller lives. The Center particularly strives to help and advocate for those who have no other opportunities available to them.

We believe: Everyone needs an opportunity to achieve his or her fullest potential; Everyone is happier when they are productive; Everyone benefits when they have useful work.

We are dedicated and committed to the philosophy that disabled adults can: Be productive citizens; Develop degrees of independent living; Learn new skills; Contribute to society and industry.

OUR STORY

On August 9, 1976, the Work Activity Center, Inc. opened its doors, fulfilling the dreams of many disabled adults, parents, and educators in the south Oklahoma City area by providing a safe work environment as well as a social outlet.

We started with five full-time and three part-time disabled employees and two staff members. We now have thirty-two disabled employees, ranging in age from 22 – 57, with various disabilities, four supervisors, and two administrative staff members.

As well as offering gainful employment to disabled adults, we are also dedicated to providing quality services to our customers. We are a State-Use vendor as well as a Javits-Wagner-O'Day (JWOD) producer.

We also believe disabled adults are vital members of society, and as such it is very important for them to take part in community events. Our employees have the opportunity to participate in Special Olympics, League Bowling, Community Field Trips, Dances, Movies, and other social activities

We receive NO state or federal funding, and are supported by our contracts (which pays the sheltered employees salaries), private donations, and grants.
